***Adventure in the Dead Sea***

Not every day do we have the opportunity to discover the Dead Sea  
from such a unique angle!

During the activity we will be exposed to unique salt scenes that can be  
seen only from the Dead Sea:

- perfect salt diamonds
- salt pearls
- salt chimneys within the sea
- salt stalactites
- salt caves of various formations

The experience is made possible through paired kayaks

holding up to twenty people

**No previous experience is required**
